

Asst.Prof.Dr. Srisupa Palakvangsa Na Ayudhya

Faculty of Information and Communication Technology, Mahidol University
999 Phuttamonthon 4 Road, Salaya, Nakhonpathom 73170
Mobile. 083 928 2455
Tel. 02 441-0909 Fax. 02 441-0808

Professional Experience

- Sep 2018 – Present Assistant Professor
Faculty of ICT, Mahidol University
- May 2009 – Sep 2018 Lecturer
Faculty of ICT, Mahidol University
- Aug 2006 – Apr 2009 Lecturer
Dept. of Computer Science, Faculty of Science, Mahidol University
- Nov 2010 – Oct 2014 Assistant Dean for Academic Affairs
Faculty of ICT, Mahidol University
- May 2009 – Oct 2010 Assistant Dean for Student Affairs
Faculty of ICT, Mahidol University
- May 1998 – Aug 1999 System Engineer
Bangkok Bank

Education

- Ph.D. in Informatics, The University of Manchester, United Kingdom
- M.Sc. in Advanced Computing, Imperial College London, United Kingdom
- B.Sc. in Computer Science (First Class Honour), Thammasat University, Thailand

Consulting and System Development Projects

- May 2025 – Nov 2025: Consultant for improving software development processes using the ISO/IEC 29110 Basic Profile under the project of the Digital Economy Promotion Agency (DEPA) and the Information Technology Industry Club, Federation of Thai Industries (FY2025).
- Dec 2024 – Feb 2025: Consultant for improving software development processes using the ISO/IEC 29110 Basic Profile under the project of the Digital Economy Promotion Agency (DEPA) and the Information Technology Industry Club, Federation of Thai Industries (FY2024).
- Feb 2023 – Jan 2024: Consultant for the e-Passport Production and Service System Project, Phase 3, Ministry of Foreign Affairs.

May 2022 – Jan 2023: Consultant for improving software development processes using the ISO/IEC 29110 Basic Profile under the project of the Digital Economy Promotion Agency (DEPA) and the Information Technology Industry Club, Federation of Thai Industries (FY2022).

May 2021 – Oct 2021: Consultant for improving software development processes using the ISO/IEC 29110 Service Delivery Profile under the project of the Digital Economy Promotion Agency (DEPA) and the Information Technology Industry Club, Federation of Thai Industries (FY2021).

Jan 2021 – Sep 2021: ICT Systems Consulting Project for the Central Institute of Forensic Science (FY2021).

Aug 2020 – Jul 2021: Consultant for the e-Passport Production and Service System Project, Phase 3, Ministry of Foreign Affairs.

Nov 2018 – Sep 2019: ICT Systems Consulting Project for the Central Institute of Forensic Science (FY2019).

Mar 2018 – Sep 2018: Technical ICT Consultant for the Central Institute of Forensic Science, Ministry of Justice.

May 2018: Advisor for the IT Hackathon organized for the Information Technology Group, Bank of Thailand.

Jun 2017 – Feb 2018: Consulting committee member for the design of the Identity Database Integration System (Fingerprint) for the Central Institute of Forensic Science, Ministry of Justice.

Certificates and Training Courses

- Certified ITIL Foundation in IT Service Management (ITIL 4th Edition)
- Certified ISO/IEC 27001 Internal Auditor
- Certified PDPA Data Protection Officer

- CISA Examination Preparation Training, ACInfotec
- ITIL V4 Foundation Training, ACIS Professional Center
- Data Management Foundation training, Faculty of Engineering, Mahidol University
- Data Governance for Business Leaders training, Faculty of Engineering, Mahidol University
- Data Governance for PDPA Compliance training, Faculty of Engineering, Mahidol University
- Data Governance for Data Steward training, Faculty of Engineering, Mahidol University
- 24 Steps to Building a Successful Startup by the Martin Trust Center, under the collaboration between MIT Entrepreneurship and CU Innovation Hub
- Research Commercialization and Entrepreneurship under the collaboration of Newton Fund, the Royal Academy of Engineering, and the Thailand Research Fund
- Marketing Innovation under the collaboration between RISE Academy and CU Innovation Hub

Guest Speaker and Expert Roles

2025

- Speaker on “How to Pitch” at the Microsoft AI Hackathon 2025, organized by Microsoft (Thailand).
- Speaker on “Business Process Management and Business Intelligence Tools” for the Faculty of Business Administration, Chiang Mai University.

2024

- Speaker on “Introduction to Business Process Management” and “Introduction to Data Analytics using Power BI” for the Faculty of Business Administration, Chiang Mai University.

2023

- Speaker on “International Presentation Skills for Global Competitions” for Thailand representatives participating in the Global Student Innovation Challenge 2023, organized by the National Science and Technology Development Agency (NSTDA).
- Speaker on “Guidelines for Selecting Health Innovations” and “Digital Games” for students in the Bachelor of Thai Traditional Medicine Program, Siriraj Hospital.
- Speaker on “Digital Games in Health Science Education” for graduate students in the Master’s Degree Program in Health Science Education, Siriraj Hospital.
- Speaker on “Upskilling: Preparing for the Future of Education” for the Faculty of Science and Technology, Thammasat University.
- Guest lecturer on “Design Thinking – Learning by Doing”, Faculty of Science and Technology, Thammasat University.
- Guest lecturer on “Opportunity Canvas” for the Faculty of Science and Technology, Thammasat University.

2022

- Guest lecturer on “Creative Design Thinking and Pitching Preparation”, Faculty of Science and Technology, Thammasat University.
- Guest lecturer on “Opportunity Canvas”, Faculty of Science and Technology, Thammasat University.
- Panel speaker on “Resilience Mindset for Future University” at the Digital University: Enabling the Smart Society event, under the prototype platform development project for digital universities, Ministry of Higher Education, Science, Research and Innovation (MHESI).

2021

- Guest lecturer on “Creative Design Thinking” for alumni of the Graduate School, Mahidol University.

2019

- Guest lecturer on “Creative Design Thinking” for international student exchange participants from Vietnam, organized by the Graduate School, Mahidol University.

2018

- Guest lecturer on “Creative Design Thinking” for international student exchange participants from Indonesia, organized by the Graduate School, Mahidol University.
- Mentor for teams participating in the Innovation Award Competition, organized by CDG.
- Guest lecturer on “Entrepreneur Ideation” as part of the Science Business Preparation Program, Faculty of Science and Technology, Thammasat University.
- Guest lecturer on “From Nobody to Somebody”, Faculty of Science and Technology, Thammasat University.

2017

- Speaker on “Pitching Concept” at the Financial Cybersecurity Boot Camp #1, jointly hosted by Mahidol University, Kasetsart University, and Chulalongkorn University.
- Judge for “How to Pitch to Get Funding?”, Faculty of Applied Science, King Mongkut’s University of Technology North Bangkok (KMUTNB).
- Speaker on “Crowdfunding” at the “How to Pitch to Get Funding?” event, KMUTNB.
- Speaker on “Pitching” in the course Green Botany for Advanced Innovation and Entrepreneurship, Department of Botany, Faculty of Science, Kasetsart University.

Research Grants and Funding

Feb 2024 – Jul 2025: Received a research grant for the study on environmentally friendly software engineering practices and their impact on the Thai software industry, Faculty of ICT, Mahidol University.

Jan 2018 – Sep 2019: Awarded a 100,000 THB grant to support entrepreneurship-oriented teaching activities for the *Agile and Scrum Workshop for Tech Startups*, under the Innovative Startup Project (FY2018) funded by the Ministry of Science and Technology.

Jan 2018 – Mar 2019: Awarded a 570,000 THB grant to support entrepreneurship-oriented teaching activities in the course *Introduction to eBusiness Systems*, under the Innovative Startup Project (FY2018) funded by the Ministry of Science and Technology.

Jul 2017 – May 2019: The project *TappTact: Smart Business Contact Management and Verification System* received 570,000 THB in innovation funding under the MU-Preseed Program, Mahidol University, for commercial development.

Jan – Sep 2017: Received a 100,000 THB grant to support the development and improvement of teaching and learning activities in the course *Practical Software Engineering*, under the Student Entrepreneurship Education Project (FY2017), funded by the Ministry of Science and Technology.

Jul 2013: The project *Vocable World* by team Clever Mind received 150,000 THB in innovation funding from True Innovation to participate in the Microsoft Imagine Cup Worldwide 2013 (Windows 8 Challenge), held in Saint Petersburg, Russia.

Oct 2011 – Dec 2012: The project *Junk Master: The Mission of Recovery* received a 200,000 THB research grant from Kasikorn Bank.

Selected Academic Competition Awards

2020

- The “GlaucoVIZ” project by team TripleX received an Honorable Mention from the NRCT Invention Awards 2020, Information Technology and Communication Arts category, organized by the National Research Council of Thailand.

2019

- The “GlaucoVIZ” project by team TripleX won 2nd Runner Up at the 21st National Software Contest (NSC2019) in the category of health, medical, disability, and elderly-related applications.

2018

- The “Suesan: A Game-based Tool for Enhancing Autism Children’s Communication Skill in Thailand” project by Ms. Anuttree Robkob advanced to the final round of the Global Student Innovation Challenge 2018, held 13–17 July 2018 in Shanghai, China.
- The “Prothier” project by team Meraki received an Honorable Mention from the NRCT Invention Awards 2018, Information Technology and Communication Arts category.

2017

- The “TappTact: Smart Business Contact Management and Verification System” project by team Mixtio received 100,000 THB funding from the Startup Thailand League.
- The “KeptAom” project by team Meraki The NextGen received 100,000 THB funding from the Startup Thailand League.
- The “When Light Shines” project received an Honorable Mention from the NRCT Invention Awards 2017, Education category.
- The “TappTact: Smart Business Contact Management and Verification System” project by team Mixtio won 1st Runner Up at the 19th National Software Contest (NSC2017) in the mobile application category.

2016

- The “The Tale of Unitverse” project by team INK received an Honorable Mention at the Microsoft Imagine Cup Worldwide 2016, Big Idea: Design – Games category.

- The “Prothier” project by team Meraki received an Honorable Mention at the Microsoft Imagine Cup Worldwide 2016, Big Idea: Design – Innovation category.
- The “Prothier” project received the Merit Award at the Asia Pacific ICT Alliance (APICTA) Awards, Tertiary Student Project category, held in Taipei, Taiwan.
- The “Prothier” project won the Thailand ICT Awards 2016 (TICTA) in the Tertiary Student Project category.
- The “Prothier” project won the Microsoft Imagine Cup Thailand 2016 (Innovation category).
- The “Magical Lands” project received an Honorable Mention from the NRCT Invention Awards 2016, Education category.

2015

- The “Vocable World” project received an Honorable Mention from the NRCT Invention Awards 2015, Education category.
- The “Magical Lands” project by team TeamBeta received an Honorable Mention at the Microsoft Imagine Cup Worldwide 2015, Blueprint Challenge – Game Path and UX Challenge – Game Path.
- The “Magical Lands” project won Microsoft Imagine Cup Thailand 2015, Games category.

2013

- The “Vocable World” project by team Clever Mind won 2nd Runner Up at the Microsoft Imagine Cup Worldwide 2013, Windows 8 Challenge, held in Saint Petersburg, Russia.
 - The project “Vocable World” won 1st Runner Up at Microsoft Imagine Cup Thailand 2013, World Citizenship category.
- The “Vocable World (English Vocabulary Learning System for Beginners)” project won 1st Runner Up at the 15th National Software Contest (NSC2013) in the learning enhancement category, organized by NECTEC and SIPA.

2012

- The “Verdant Fantasy” project by team TANG Thai won 1st Place at the Microsoft Imagine Cup Worldwide 2012, Game Design (PC/Xbox), held in Sydney, Australia.

2011

- The “Quest on Smartphone for Creative Tourism” project won 1st Runner Up at the Thailand ICT Awards (TICTA) in the Tourism and Hospitality category.
- The “Junk Master: The Journey To Junk Lord” project by team JubJub won 1st Runner Up at the Microsoft Imagine Cup Worldwide 2011, Game Design (PC/Xbox), held in New York, USA.
- The “TAGMe Travelling Book Version 2” project won 1st Runner Up at the Thailand RFID Innovation Challenge 2010, organized by the RFID Institute and the Federation of Thai Industries.

2010

- The “Junk Master: The Journey To Junk Lord” project by team JubJub was selected as a finalist and competed in Warsaw, Poland, at the Microsoft Imagine Cup 2010, Game Design category.

- The “TAGMe Travelling Book” project won 1st Prize at the 12th National Software Contest (NSC2010) in the RFID Application for Industry category.
- The “SiamImpress” project won 1st Runner Up at the National Software Business Marketing Plan Competition, B2C – Others category, organized by Chulalongkorn University and SIPA.

2009

- The “Cabinet” project won 1st Place at the Windows Mobile Application Contest, Microsoft Corporation (Thailand).

2008

- The “Rewind” project by team Humanoidea won 1st Runner Up at Microsoft Imagine Cup Thailand 2008, Software Design category.
